OUR MODERATORS:

Benjamin Sango:

Undergraduate senior at Columbia University and Student Assistant of the Northeast Big Data Innovation Hub

Haleigh Stewart:

Undergraduate senior at Columbia University and Project Coordinator of the Northeast Big Data Innovation Hub

OUR PANELISTS:

Ashwin Venkatraman is the CEO and Founder of Resermine Inc., a decision-making platform for surveillance.

Ashwin designs and creates hybrid models that combine analytics, machine learning and physics for optimal reservoir surveillance and management.

Murat Ergen is the Director of Ergenomics.com, a global consulting firm entrusted with directing analytical strategies.

Murat designs, develops, and deploys data-driven initiatives to solve business problems. He also implements and provides oversight for data management, best practices, and technologies!

Logan Havern is the CEO and Founder of Datalogz, a simple and secure data discovery and understanding platform.

Logan is an innovator in the data space and solves the biggest challenges with enterprise data management. He is always open to conversations about data and entrepreneurship!
